

Figure 1: Meagan Price

Meagan Price is a rising junior pursuing her Bachelor of Science degree in Computer Engineering from Claflin University with an expected graduation date in May 2019. She is a full-time student with high goals and expectations, and is known for her diligence in computing and for her optimistic mindset.

She is a graduate of Bamberg-Ehrhardt High School, where she graduated top 5 of her class while still managing to be a well-rounded individual. During her time at Bamberg-Ehrhardt, she obtained a certification in Pre-Engineering by completing coursework through the Project Lead The Way program. She is also a member of Association for Computing Machinery and National Society of Black Engineers. Meagan was selected to be a member of the Alice Carson Tisdale Honors College at Claflin University where she has maintained a 3.5 GPA.

Meagan is a native of Bamberg, S.C., however she is currently spending her summer at Indiana University where she is conducting research in Proactive Health Informatics.

School	Year
Bamberg-Ehrhardt High School	2011-2015
Claflin University	2015-Present
