## 1 Introduction

### 1.1 Professional Biography

#### 1.1.1 Degrees and Work Experience

#### 1.1.2 Favorite Professional Book

### 1.2 K-12 Biography

#### 1.2.1 Favorite Books as a Child

**Professional Biography** My name is Mina Narayanan and I am a rising junior at Auburn University majoring in Software Engineering. My interests include Human-Oriented Computing, Health Informatics, and Artificial Intelligence. I have experience programming in MATLAB, C, C++, Python, Java, and x86 Assembly. I am a member of the Formula SAE Student Driverless Team, Engineers Without Borders, STARS (Students Technology in Academia, Research, and Service), and the Auburn University Student Space Program, where I served as Deputy Team Lead of the Attitude Determination and Control System. My education is recorded in the table below. My favorite book that exemplifies my professional interests is *Introduction to Algorithms* by Cormen, Leiserson, Rivest, and Stein (Thomas Cormen, 2009). My picture is shown in Figure 1.

**K-12 Biography** My name is Mina and I attend school at Auburn University. I am learning how to write code so that I can help people improve their lives.

School	Year
Indian Pines	2000-2003
Dean Road Elementary School	2003-2008
Drake Middle School	2008-2010
Auburn Junior High School	2010-2012
Auburn High School	2012-2015
Auburn University	2015-2017

My favorite books as a child were *The Seven Silly Eaters* (Hoberman, 2000) and *Elefantina's Dream* (X.J. Kennedy, 2002). A picture of me and one of my good friends is shown in Figure 2.
