

Hi, My name is Meagan!

Figure 1: Meagan Price

I enjoy the arts, even though I'm also interested in computing! I have had experience with tutoring students in the past, and I love working with younger students. If I could compare myself to a cartoon character, it would be Spongebob Squarepants because he is always happy, and never afraid to take on a **challenge**! Things I like to do for fun:

1. **Dance**
2. **Spoken Word**
3. **Painting**

Figure 2: Spongebob is my favorite cartoon character!

4. **Traveling**
