

Dylan Vener

IU-SROC 2017

May 2017

1 Bio

My name is Dylan Vener, from Houston, Texas. I am studying Computer Science at Rose-Hulman Institute of Technology, with a double major in mathematics. I look like Ref 1. The first real research paper I ever read was [1], which really helped push me towards machine learning, and ultimately here for the summer. I've gone to the schools shown in figure 1

Figure 1: Dylan Vener

School	Year
Poe Elementary	5th
Emory Weiner	6-7th
Lanier Middle School	8th
Carnegie Vanguard High School	9-12th
Rose-Hulman Institute of Technology	University
