

Max Girard Bio

Max Girard

May 2017

1 Professional Bio

My name is Max Girard and I attend Simmons College in Boston, Mass. I will receive my bachelor's in Computer Science in May, 2018 and my Master's in Library and Information Science in May, 2019. From there i intend to become a librarian. I am currently comfortable coding in Python, Java and HTML and I have had exposure to JavaScript and SQL. I am ambitious and goal-oriented, especially if I am passionate about what I am working on. One of my favorite pieces related to librarianship and the role of libraries in the community is titled Use of library space and the library as place by Svanhild Aabo. [1]

Max’s school history is found in Table 1

3 Camp Bio

Hi! My name is Max and I am 20 years old. I am from Wilbraham, Mass. and I am a Computer Science major at Simmons College in Boston. I am going to school to be a librarian. I love my three cats, my dog, and reading. One of my favorite books when I was little was *A Wrinkle in Time* by Madeline L’Engle. [2]

Figure 2: Max Apple Picking (2016)

Figure 2 is of Max apple picking in October, 2016.
