I come from South Korea. My name is Eun Ji Seong. Eun means grace and Ji means wisdom in Korean. I go by EJ because American's have trouble learning foreign names. I am studying Computer Science at Indiana University. This is my second bachelor's degree. My first major is study of Mongolia. I've been lived in Mongolia for 20 months for my study. I love adventure so I like to travel different countries. I've visited 12 different countries such as India, Mongolia, England, Italy, Japan and Australia. I want to be a good programmer to help others.

My favorite book is "The Little Prince" by Antoine de Saint-Exupéry. I read this book more than 5 times and I have three different copies of this book. I love this book because it tells about life such as love, friendship and dreams. As I grow up and know more about life, the book tells different version of the meaning of life so I still read this book from time to time. [1]
